During the space war Baja California left Earth.

Baja California left for the Baja California planet.

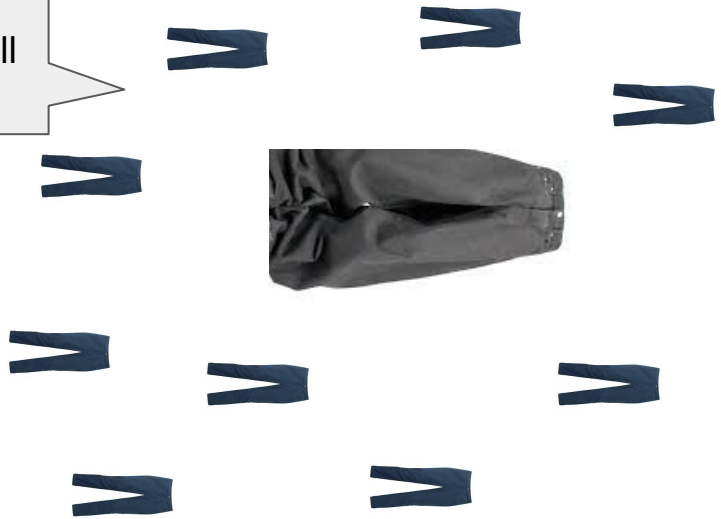
Screw this I'm out of here

Albert Einstein did not like that baja California left Earth.

So he made another super pant, the Super Pant#2. Albert didn't want it to be unguarded though so he sent the Death Pant Squadron, and Elite team of space pants lead by Tim Nis.

You won't get me!

Yes we will



While the space war was going on six rich orphans are on bowling night.

THIS IS SO MUCH FUN!!!!

While the orphans were bowling (Their names were all bruce wayne.) They found a crack in the wall that lead to a secret cave under the bowling alley.

All the Bruce Waynes went inside the hole and found a secret cave!

This place is so cool!

Let’s call it the Bowling Cave$^{R,C,™}$!

We have been working on this for a while
